SOCIAL MEDIA GUIDELINES

Football thrives on the passion of its communities. Our game is fortunate to have so many voices ready to protect the sport at all levels, including club level. Social media provides the perfect platform to discuss, appreciate and question all facets of football.

Our hope is for the Saints Eagles Souths FC social and digital media presence to reflect the positive, exciting and supportive inclusiveness of the game.

Our social media guidelines are designed to ensure any and all social media channels match these principals:

- No foul, offensive, aggressive, defamatory, discriminatory or otherwise inappropriate language
- No intimidation, harassment or bullying
- No publicising of private or confidential matters without consent
- No spam or off-topic links, comments or media

Comments that do not follow these guidelines will be deleted and, if repeated, may result in a ban from all Saints Eagles Souths FC social media accounts, both public and private.

All registered members including players, coaches, managers, committee and referees are also responsible for upholding Football Australia's Code of Conduct and the National Member Protection Policy, which includes a Social Media Policy.

If you would like to chat to us about anything in the social media sphere, please get in touch via email at mail@sesfc.com

2024 Executive Committee
