AROUND THE GROUNDS

With half a dozen teams waiting for the stars to align to get Field 2 finally open for training, the grounds crew have been putting in the hard yards over the school holidays. More than 24 man-hours of mowing and clearing have gone into the space – over two acres cut a few inches at a time so the mower could even cope with the dense growth. It's been hot, slow, heavy work, but the results are showing. Field 2 is almost complete, with line marking next on the list. A huge team effort that brings us one step closer to getting every squad the space they need this season.

NUTMEG CORNER

Congratulations to everyone donning the red and white and making their football debut for Saints. I don't remember my very first match (too long ago) but I do remember the first time I coached my kids and their first game. Playing, coaching or supporting, there will be lots of excitement, fun, laughter and life long friends made. Enjoy this special occasion and embrace the miss-kicks as much as good moments. Win, lose or draw, remember it's a game and games are meant to be fun. Welcome to your footballing family - **WE ARE SES**

GAME OF THE WEEK
Saturday 18th April U10/11 Eagles vs Brothers Blue

The Under 10/11 Eagles girls delivered a standout performance against a strong Brothers side, playing with the maturity, structure and composure you hope to see in future senior players. It was end-to-end quality football, with calm defending, confident goalkeeping and exciting 1-2 combinations up the line that showed real growth.

Brothers were excellent opponents, and after a hard-fought, fair contest, the teams couldn't be split – a well-earned 0-0 draw that reflects the effort and quality on both sides
